The Honorable Arthur S. Flemming  
The Secretary of Health, Education,  
and Welfare  
Washington 25, D. C.

Dear Arthur:

I enclose a copy of a letter which Janet Dulles received from Senator J. Glenn Beall of Maryland, dated July 7, together with my reply dated July 13, with respect to another project involving the American Cancer Society. Frankly, Janet, at first glance, is quite negative about this particular suggestion and I share her views which I have endeavored to express to Senator Beall.

Faithfully yours,

Allen W. Dulles  
Director
